

2014/2015 STAFF TRAINING

Friday 5th September 2014

The first INSET of the new school year was centred on the new Department for Education Advice on Mental Health and Behaviour in Schools.

The advice sets out to explain the responsibilities of the school, outlining what it can do and how to support a child or young person whose behaviour – whether it is disruptive, withdrawn, anxious, depressed or otherwise – may be related to an unmet mental health need.

Staff went through this document thoroughly and discussed how we would use this new advice and implement it into our ethos and curriculum.

The entire document can be viewed by clicking the link on the right side of this page.

Thursday 2nd October

Our Maths coordinator, Young attended the Eduqas GCSE Mathematics course in the Novotel Hotel in London W6
